RE: West Telecom Services, LLC
Arizona C.C. Tariff No. 4 – Access Services

Dear Sir or Madam:

T-20805A-16-0213

Enclosed for filing please find the original and thirteen (13) copies of the above-referenced tariff filing submitted on behalf of West Telecom Services, LLC. The purpose of this filing is to comply with and implement the fifth phase of the Federal Communications Commission's "Transitional" Intrastate Access Service Reductions, Order No. 11-161. The Company respectfully requests an effective date for this filing of July 30, 2016.

1 st Revised Page 1	Updates Check Sheet
1 st Revised Page 31	Updates interstate tariff reference and link
1 st Revised Page 61	Updates interstate tariff reference
1 st Revised Page 62	Updates interstate tariff reference and reduces local switching access terminating rate
1 st Revised Page 64	Updates interstate tariff reference

Please acknowledge receipt of this filing by date-stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for that purpose.

Any questions you may have regarding this filing should be directed to my attention at 407-740-3002 or via email to cwrightman@tminc.com. Thank you for your assistance in this matter.

Sincerely,

Connie Wightman
Consultant

ACCESS SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.3 Obligations of the Customer, (Cont'd.)

2.3.5 Identification and Rating of Toll VoIP-PSTN Traffic

A. Scope

VoIP-PSTN Traffic is the traffic exchanged in Time Division Multiplexing ("TDM") format that originates and/or terminates in Internet Protocol ("IP") format. This section governs the identification and billing of VoIP-PSTN Traffic pursuant to the FCC's Intercarrier Compensation Report and Order in WC Docket Nos. 10-90, et. al., FCC No. 11-161 (Nov. 18, 2011) and Second Order on Reconsideration, FCC No. 12-47 (April 25, 2012) (together, "FCC ICC Orders"). Pursuant to the FCC ICC Orders, the Company shall apply interstate access charges to relevant VoIP-PSTN Traffic. Specifically, this section establishes the method of separating such traffic (referred to in this tariff as "Relevant VoIP-PSTN Traffic") from the Customer's traditional intrastate access traffic, so that such Relevant VoIP-PSTN Traffic can be billed in accordance with the FCC ICC Orders in a symmetrical manner. In accordance with the FCC ICC Orders, intrastate VoIP-PSTN Traffic that originates on the Company's network and is bound for the Customer's end users is subject to the intrastate switched access rates set forth in this tariff until June 30, 2014, after which time it will be subject to interstate rates as indicated below. Intrastate Toll VoIP-PSTN traffic that is sent by the Customer for termination to the Company's end users or its VoIP partners is subject to interstate switched access rates pursuant to the Company's F.C.C. Tariff No. 1 and can be accessed via the following link:
